**sociology &  
anthropology**

**torrossa  
digital  
library**

**Over 2,000 publications** are available in collections or for purchase separately from <https://libraries.casalini.it>.

**The latest research** in a range of formats, including studies published in conference proceedings, specialist journals, publications from important universities and research centres specialising in Sociology and Anthropology.

**Around 200 respected publishers**, including Armando, Mimesi, CSIC, Edicions Bellaterra and the University Presses of Florence, Pisa, Salamanca and Lleida, among others, for a catalogue of titles that provide the tools for a detailed study and understanding of society and human interaction.

**Emerging themes**, such as the theoretical and sociological aspects of communication, social psychology, the significance played by technology, interculturalism and postmodern sociology.

**Beliefs, change and development** in ideological and economic systems through time, as well as in attitudes to death, sexuality, physical appearance, eating habits, education and the creation of symbology.
