Casalini Libri 

Torrossa full text platform

The Torrossa platform is an essential resource for libraries with an interest in current scholarship from Italy, Spain, France, Portugal and beyond. Based on Casalini Libri's unique expertise in selecting titles pertinent to the collections of our research library customers and decades of experience in partnering with academic publishers in Europe, Torrossa offers an array of content solutions.

- 200 Publishers
- 24.000 E-Books
- 770 E-Journals
- 430.000 Articles and Chapters
- User-friendly interface and intuitive navigation
- Books and Journals fully integrated
- Stable, open URLs
- User workspace to save tags, notes and lists
- Citation exporting in EndNote, Medeley, RefWorks and Zotero
- Access content on PC, tablet or device

Italian research publications in electronic format

Hand-picked by our Approval Plan bibliographers, this collection brings together e-books and e-journals by the most authoritative academic publishers in Italy to offer a representative collection of current Italian research in the Humanities and Social Sciences, available exclusively on the Torrossa platform. A variety of ongoing and custom packages are available.

In order to guarantee the quality and relevance of the EIO collections, new content is added during the course of the year and until the collection reaches the number of titles foreseen for the subscription period.

EIO is accessible through www.torrossa.it, alongside other Casalini Libri digital content.

Interdisciplinary collections

- *EIO complete*
- *EIO premier*
- *EIO core*
- *EIO basic*

Spanish academic publishing in digital format

Analogous to the EIO Collection, Edición Española Online comprises a high-quality selection of current research content by scholarly publishers and university presses from Spain. The e-book and e-journal content in the EEO Collection is representative of current research in Spain in the Humanities and Social Sciences, covering areas such as Literature, Linguistics, History, Philology and Philosophy, Law, Psychology, Sociology and Economics.

EEO collections are accessible through the dedicated website eeo.torrossa.es.

Custom collections

Casalini Libri offers libraries the option of creating a customised collection, choosing titles from among the publications available on the Torrossa platform. Customised collections are available for a minimum of 100 monographic titles or 25 journals.

Acquisition Models

Different acquisition models are available on Torrossa:

- *Permanent access*
- *Purchase after 3-year subscription*
- *3-year lease*
- *Annual licence access*
- *Short term loan*

Personalized models are available on request.

Marc Records

MARC records with permalink to the documents will be supplied free of charge for all titles included in the collections to which the library subscribes and are automatically sent to a variety of discovery services and link resolvers (Primo Central, ProQuest Summon e Serials Solutions, EDS, A-to-Z).

Channel for institutions

Graphical personalization of the web interface, welcome text and news are available on request.

Contacts
