

# Greek imprints now on [www.casalini.it](http://www.casalini.it)

Casalini Libri's online bibliographic database is extended to include details of publications from Greece.

**Over 7,000 titles**, published during the last seven years, have been already added to our bibliographic database and around **1,200 further titles will be added each year**. The database will be updated with new additions on a quarterly basis.

Bibliographic records can be viewed on our website or received through our **New Title Information service**, which is available by email or in MARC format.

## BIBLIOGRAPHIC PROFILES

To facilitate your selections, a number of separate **tailor-made bibliographic profiles** can be established on the basis of DDC or LC Class, while geographical, temporal and interdisciplinary filters may be applied to further refine your profiles.

## ONLINE SELECTION AND ORDERING

The inclusion of Greek titles online also allows for selections and acquisitions to be made directly at [www.casalini.it](http://www.casalini.it).

We will be happy to handle your **firm and standing orders** for these or any Greek publications. Orders can be placed online according to your library's standard procedures. Our website also includes a list of **advanced features and order management options**, including: lists of selections; order status details; invoice download.
