

Bibliographic resources for Public Libraries

A new dedicated online access point for our Public Library customers

We are pleased to offer a new resource to assist Public Libraries with sourcing and selecting print and multimedia publications from Southern Europe.

Our *Library Services* website, libraries.casalini.it, now includes a dedicated section allowing librarians to search easily for recent titles in the following categories:

- *General Interest Publications*
- *Bestsellers*
- *Children's books*
- *DVD*

Detailed title records provide comprehensive bibliographical information, cover images and, for a selection of titles, Tables of Contents, while online order management tools allow librarians to select and order titles, check the status of orders and view invoices easily online.

For assistance with our website, or for any additional information about our services for Public Libraries, please contact us at info@casalini.it.
