

Torrossa Digital Library: autumn update

The Torrossa platform provides visibility, distribution support and technology to academic publishers, while simplifying purchasing, licensing and access for institutions.

NEW CONTENT

New collections are now available from **Olschki**, including all 2016 titles, and a new set of 150 titles from **Iberoamericana**.

We are also pleased to announce that we have signed new agreements with several publishers such as: **CPL - Centro Primo Levi**; **Inschibboleth edizioni**; **Edizioni Epoké**; **Passigli Editori**; **Silex ediciones**.

BILLING BY TITLE FORMAT ON ILIBRI.COM

At the very end of the ordering process on ilibri.com customers now have the option to filter selections on the basis of format (ebook or print) and process them separately using the account of the customer's choice.

We have made this facility available to assist our customers requiring separate management of digital and print budgets.

SHIBBOLETH

Shibboleth institutional login is now available on the Torrossa platform.

Shibboleth is among the world's most widely deployed federated identity solutions, connecting users to applications both within and between organisations. It provides Single Sign-On capabilities and allows sites to make informed authorisation decisions for individual access of protected online resources in a privacy-preserving manner.

TORROSSA OPEN (<http://oa.torrossa.com>)

A dedicated portal now gives academic publishers the possibility to reach a wider audience by offering research content to the scientific community in Open Access.

Established in 1958, Casalini Libri is dedicated to the supply of bibliographical services and publications from across Mediterranean Europe to libraries and institutions worldwide. Close and continuing collaboration with libraries and publishers allows us to offer a range of customised services that directly reflect and respond to our customers' needs.

Since 2000, the Casalini Libri Digital Division has been at the forefront of the scholarly e-publishing market, with innovative solutions for the creation and distribution of research level content in Romance languages through its digital library, now hosted on the Torrossa Platform.

Casalini Libri adheres to the ISO 9000 Quality Management System
