Practicalities

- The sessions will be recorded and the recordings will be shared after the event

- The event is run through Zoom webinar: this means that the only participants whose video is visible are panelists and that attendees are muted

- In order to easily manage interactions between attendees and panelists please use the *Q&A* tool to ask questions. When using the Q&A tool your name will be visible, unless you select the anonymous question option

- Please bear in mind that there is a different Zoom link to access the sessions tomorrow (you should have received two separate e-mails from Zoom with access details for today and tomorrow).
